

EXECUTIVE DIPLOMA IN OPERATIONS AND SUPPLY CHAIN MANAGEMENT (PART TIME) (EDOSCM-PT)

Programme Objectives

The EXECUTIVE DIPLOMA IN OPERATIONS AND SUPPLY CHAIN MANAGEMENT (EDOSCM) programme is designed to equip participants with the knowledge and skills of supply chain management and operations management. The EDOSCM curriculum encompasses practical projects, computer simulation in E-Commerce and is the only Supply Chain Diploma that offers subjects in Six-Sigma.

Who Should Attend

The course is suitable for logistics supervisor, supply chain managers, logistics executives, planners, customer service officers, sourcing engineers, buyers and those who want to pursue a supply chain career.

Entry Requirement

Applicants must possess at least 5 GCE “O” levels or equivalent qualification.

Matured Candidate enrolment: Matured candidates may be considered for entry on a case to case basis:

Matured candidates criteria:

- a. Age above 30 years of age.
- b. Minimum of 8 years of working experience, experience need not necessary to be in the logistics industry

EDOSCM Programme Coverage

The programme is of 8 months duration and consists of 2 semesters, including course work and Management Project.

Modules:

- 1) Principles Of Logistics Management
- 2) Strategic Supply Chain Management
- 3) Operations Management
- 4) Warehouse Management
- 5) Electronic Commerce
- 6) Six Sigma Management
- 7) Final Project

Management Project

All participants on the programme are required to conduct an applied research leading to a project. Participants are required to apply knowledge, skills and perspectives gain from the course in the project. Alternately, a case study can be submitted. The case study approach draws the work that has been done in the earlier courses to provide the participants the opportunities to apply these theories to practical situations.

Assessment and Examinations

The EDOSCM programme examination is a continuous assessment through written assignments, projects and written examinations. This ensures that actual application of concepts and knowledge coupled with professional experience will make learning more practical and relevant.

Participants must pass the final examination with a total score of 50 or higher, and attend at least 75% of the training sessions.

A supplementary examination may be granted to participants who failed the main examination. Participants will be required to re-enroll for the subject if he/she failed the supplementary examination.

Award of Diploma

Upon successful completion of the programme and Management Project, participants will be awarded the EXECUTIVE DIPLOMA IN OPERATIONS AND SUPPLY CHAIN MANAGEMENT from SIMM.
